

studios
about this game

This is a file designed to demonstrate the cutting and folding required to produce Oca's bronze games. All artwork and folding instructions are released under Public Domain. For more information visit: www.ocastudios.com/rights.

Printing instructions:

- don't print pages 1 and 2,
- print on both sides of the paper (even pages are the backs of odd pages).

vertical tokens

these tokens are useful to indicate different things to players in opposite sides. It is great for games where the position or nature of the opponents' pieces are kept hidden. It can be stacked thanks to the slanted face.
